Hi Ara,
This application is to replace the Special Use Permit Application which we abandoned. Rather than proceeding with that application, which involved the same container, in the same location, we are seeking a more permanent solution. The use for this container is somewhat different than the tent (i.e. the tent is there to provide a shaded area and this container will be used to store golf fitting equipment.

Thanks,

Hi Jill,
This is to replace the existing tent?
I've got a meeting with coastal in two weeks and will bring this up with them.

Thank you for heads up.

Ara

I had discussed this with So Kim prior to her departure, but essentially, we are requesting the right to place a mobile container in the area of the driving range to use as a storage location for our golf club fitting service. Once you receive the application, if you have any questions or need anything else, please let me know.
